

ACCESS & SECURITY:

The vehicle entrance and exit gates are in operation 24/7/365. The vehicle gates may be held open for special events from time to time. Every Owner has been assigned a four-digit number to use for opening access gates.

There are two keypads, one for the main gate and one for the tennis court gate. Use your same four-digit code on either keypad. Please safeguard the privacy of your access code to maintain security at the property and as a courtesy to other residents. Contact Steve Morrison at Ravenel Associates at 843 352-0300 if you need to know your code number.

There are two other methods to activate gate access. You may simply enter the # sign followed by your 4-digit entry code or use a clicker/transmitter (available to Owners at a cost of \$50.00 each). If you do not currently have a clicker and would like to purchase one, please contact Steve Morrison.

There is a keypad console at the gate. Each Owner is listed in the directory. When your visitor(s) drive up to the entry directory console, they may scroll through the list, locate your name and press the entry button. The console will dial your telephone and if you wish to allow access, press 9 on your phone. The telephone connection with your visitor(s) will be ended and the gate will open automatically.

Access to the pool area, the clubhouse, and the fitness room is by fob only. Each owner is entitled to possess up to two fobs. The owner shall give their fob(s) to their tenants, and retrieve them when the tenant moves out. Contact the property manager (see above) if a fob has been lost/misplaced.
